2.Features:

Convenient eraser features twelve peel-away layers of felt pads. Remove used pads as needed for a fresh erasing surface. Durable easy-grip plastic handle provides better maneuverability.

3.Application:

Works really well on whiteboard. You can peel off old, dirty layers, and basically have a new eraser every few months. Lasts a LONG time. Works on glassboard, but definitely not as well as on the whiteboard. Can see barely visible smudges and smears.
