

Wool Felt Insoles

In winter, what we indeed require are the warm feet and a soft footing because the cold ground is hard enough. We suggest a type of product to warm your feet and give you a comfortable and soft footing. They are wool felt insoles.

Wool felt insoles are manufactured from 100% natural pressed wool felt or needle punched wool felt . The wool felt insoles are treated by the die cutting machine. Wool felt insoles are warm, so that it can protect feet from these cold months and keep toes warm and dry even in the coldest conditions.
